7 (26/11/2024)		Lab from home
8 & 9	4	Binary search tree & AVL tree
10	5	Graph
11	6	Hash table
12		**Final exam**

Note: This schedule is subject to change based on the theory class.

II   Regulations

Grading:

- The practical part will be evaluated using a variety of assessments, contributing to your final grade as follows:
    - **Mid-term exam**: 25%
    - **Final exam**: 25%
    - **Group-based Project** (Lab 3): 25%
    - **Others**: 25%, in which:
        * **In-class test**: 10%
        * **Homework** (15%): Instructor will randomly select 2 out of 3 homework assignments for grading.
    - **Bonus Points**: Students can earn bonus points by asking/posing thoughtful questions or providing insightful answers during class activities.

Submissions:

- All assignments must be submitted through the Moodle system only.

Attendance:

- **Up to 3 unexcused absences** are allowed in the practical sessions. Exceeding this limit will result in a score of ZERO for the entire practical part.

- **Missing a test or exam without a pre-arranged excuse will result in a score of ZERO.**

III   Plagiarism & Cheating

- Plagiarism and cheating are strictly prohibited. A score of ZERO for the entire practical part will be issued to any student caught plagiarizing or cheating, and anyone involved. All such cases will be reported to the Management Board for further action.

- Any portion of an exam solution, test solution, project, or report with high similarity (above 70%) to another source will be considered cheating.

- Copying any code snippet or paragraph without proper citation in comments or referencing the source is considered plagiarism.

- Any action intended to gain an unfair advantage, including (but not limited to) taking exams from unauthorized locations or collaborating without permission, will be considered cheating.

- In cases where plagiarism or cheating is suspected but evidence remains inconclusive, students may be required to retake assessments (tests, exams, projects, etc.).

THE END
